### **Withdrawal**

The parent may cancel this enrollment contract **with a minimum of 30 days written notice prior to withdrawal**. If the notice is emailed, the subject line must contain "Termination of Contract Notice". If the notice is delivered by hand, the phrase "Termination of Contract Notice" should be present either on the top of the notice or above the signature of the parent(s)/guardian. Regardless of when the notice of cancellation is provided by the parent(s)/guardian(s), they are still obligated to pay the tuition **for 30 days following their notice**.

To determine the amount owed, all parties agree to use the following formula. The number of days owed will be 30 calendar days from the date of the written notice to the office. If the notice is mid-month, then you will owe the rest of that month, and whatever number of days extend over to the next month until 30 calendar days have been met. Payment will be calculated by taking the last payment invoiced prior to the request, dividing it by 30 to determine the amount per day owed. That amount will be multiplied by the number of days into the next month left to satisfy the remainder of the 30 calendar days. Your billing period will be determined by your Tuition Express paperwork.

Examples:

- 1) If you cancel on the first day of a new billing period, you will only owe that next month's bill.
- 2) If you cancel on the 15th day of a billing period, you will owe the remaining 15 days of that billing period, and 15 more days into the next.
- 3) If you cancel on the last day of a billing period, you will owe the rest of that month (1 day) and 29 days into the next period.

Only a written agreement from the Board can alter the termination obligations, and any request for a deviation must be made in writing within 5 business days of the cancellation notice and submitted to the main office at Stepping Stones.
